

OUR BEST IS MADE OF **YOURS**

Saputo

WPF Shift Engineer Davidstow

Full Time Permanent | 3 on 3 off 12 hour day and night shift

YOU'LL MAKE CONTRIBUTIONS THAT MATTER BY...

- Whilst adhering to legislation, HS&E and site standards and engineering good practice, provide engineering reactive resource to the process, attend to breakdowns and stoppages, monitoring, testing and maintenance of the WWTP, water recovery system, site water supplies and other relevant site services functions. Being proactive into assisting shift maintenance engineers to achieve the site PPM.
- Demonstrate ability to motivate other engineers, technicians, support staff and production operators/controllers and lead by good example during daily tasks. Display an in depth knowledge of the plant.
- Organize and prioritize workloads as required and ensure production awareness of time scales and plant outages.
- Strive to seek areas of plant/product improvements. Continue training to achieve highest level of site and plant skills, progress core skills as required. Take on a higher level of plant "ownership" within the process.
- Assist in the development of other engineers, apprentices and production staff by training, creating a positive team environment. Look for opportunities to gain experience on different plant. Cover shift when required due to personal illness or planned vacation of existing shift operators/engineers.
- Adhere to environmental consent limits, legislative standards in Water Recovery and Health and Safety and all company requirements.

YOU'RE BEST SUITED FOR THE ROLE IF YOU ARE...

- The candidate will be computer literate.
- Trained to engineer standards, City & Guilds, HNC, ONC.
- Be able to demonstrate practical engineering skills and enjoy a hands on approach.
- Have an understanding of current relevant legislation.
- Work proactively and willing to take the initiative.
- Have the ability to work under pressure, multi task and self-accountable.
- Have broad understanding of site plant and processes.
- Be aware of responsibility to follow instructions as stated in the current Saputo Dairy UK Health and Safety Policy.
- Be aware of departmental risk assessments and follow safe systems of work.
- Full operational and laboratory training will be provided.
- Will need to enjoy working in/out doors.
